Georgia DOT Restriping I75 South Off-Ramp to Exit 22

- What:** A Georgia Department of Transportation crew will be refreshing worn road markings (striping, hash marks and turn arrows) and replacing old raised pavement markers (RPMs) for the Interstate 75 South off-ramp to Exit 22. The work will require closing the right (outside) lane, shoulder and ramp for a short time, weather permitting. The work was previously scheduled to be done July 19, but had to be postponed due to rain. Road markings and RPMs help guide traffic and serve as a safety enhancement for drivers.
- When:** 9:15 a.m. to 11:15 a.m. Tuesday, Aug. 2. The outside lane, shoulder and ramp will reopen as soon as work is complete.
- Where:** I-75 South at the off-ramp of Exit 22/U.S. 41 South/North Valdosta Road
